

Gregory Marshall
4th April 1966 – 16th August 2008

Greg Marshall, a community advocate, committed to the rights of people with disabilities and a friend to all of us passed away in August 2008. Greg served the community for over 12 years as a volunteer, building up Penrith Disabilities Resource Centre, and serving on the Board and as Chairperson with Great Community Transport. He will be sorely missed. We are planning to recognise Greg's contribution to GCT and the Penrith community through a perpetual memorial. It is hoped that we can purchase a dedicated vehicle, to provide daily transport for **Penrith** cancer patients to their oncology treatment as is the case for Mountain residents. Fund raising will commence early 2009 and if successful the vehicle will be called “**Greg’s Getabout**”.

Great Community Transport is a registered charity operated mainly through the generosity of our many volunteers. We would welcome any suggestions or help in our efforts to raise the necessary funds to purchase “**Greg’s Getabout**”.
